NEWS FROM MILO

Mr. Carson Watt has now been appointed permanent postmaster in Milo.

Milo now has four implement dealers or men selling tractors and farm machinery.

The Oddfellows started at Milo some time ago and now have over 70 members.

Mr. and Mrs. Thurston of Queenstown have returned from their California trip.

Reeling started here April 15th although a few had some whirling before the recent storm.

Newman Hall has again arrived from Port Angeles, Washington, it organizes a corporation to manufacturing a new pumping outfit.

THE FIRE-FIGHTERS DANCE

The firefighters dance was a tremendous success. It was the largest that ever took place in the hall and it was a success. The crowd was so large that it was necessary to have a few dropped out from the rear and from both sides that one could only see by standing on top of a chair.

Reverend McKinnon was one of the first to arrive. He came all the way from Calgary, where he now lives, to act as one of the hosts of the evening. Next came the musicians from High River all wearing cowboy suits. For some time only a few dropped out, but about 10 o'clock there was a general rush. They came in like a general, and stood one and a half, and every kind of conveyance, just to get there and practically every one from Lethbridge, south to Shoupsville, north, including all the town people were on hand.

The music was good. The hall had been decorated beautifully for the occasion and the supper, put on by the Milo U.F.W.A. women, was good. The ranchers had donated a certain amount for the supper, but as the U.F.W.A. was sorely in need of funds the women decided to leave as much of the cash in their treasury as possible, and each member donated part of the good edibles and they deserve much credit for being able to do this. The enormous crowd. At about 11 o'clock there was an intermission in the dance and the ranchers present got on the platform and spoke to the crowd, or rather young McKinnon made the speech for all of them. Mr. McKinnon pointed to the various cattle brands, that decorated the walls of the hall, stating that each and every ranch, including Messrs. Hendrick, Bree, McKinnon, Wabbe and Lake Bartlett, felt very grateful for the way the settlers had turned out last night to fight the fire, and giving the whole house and said they wanted to show their appreciation by giving the fire-fighters a good time. At that point the roar of the crowd drowned the remarks of the speaker. But in spite of the enormous crowd everything went off fine. The people had a very nice evening and had a good time and they had it.

Two new bulletins have recently been issued by different branches of the Alberta Experiment Station and are now available for free. The first of these "Home Beautification" is published by the Alberta Women's Bureau and will be found to be of particular interest to those interested in home beautification. The second, entitled "Turkey Breeding and Management" is issued by the Poultry Branch and contains a great deal of valuable information dealing with this profitable farm product.

The Catali Mearoni Company of Lethbridge has received an order from an Italian dealer in Shanghai, China, for the shipment of a carload of this Alberta product to that country. This assignment, the first of its kind to go from this province to the Orient will be loaded at Vancouver on May 15th.

Mummy And The Mumps Attractively Staged

The three act comedy staged by the Dramatic Society of the Arrowwood U.F.W.A. and under the auspices of the U.F.W.A. and the Gleichen Oddfellows last Thursday night, at the Gleichen L.O.O.F. hall, proved that Arrowwood has some excellent talent which will compare with any other of the towns, indeed many professionals, on claim no better.

"The Mummy and the Mumps" as produced to chuck full of laughs and many amusing incidents and each artist appeared particularly adopted for their efforts, were not any less credit to Mrs. Kathryn Shearer, their director.

As Catches was crowded with entertainments last week, there being one attraction every night, it was to be expected that the attendance be other slim, yet it is understood there as a balance of receipts over an audience, and as the reception was not the Arrowwood artists need not regret that their efforts were not so rewarded, and that at some other opportunity they will return to Gleichen to be greeted by a full house. The characters in the cast were as follows:

Sir Hector Fyfe, who impersonates the mummy, S. Reid.
Paula de Briccon, who impersonates Sir Hector, R. Hales.
William Laidlow, who helps as a postman, J. McIntosh.
James Shawman, "Backer", who has three men's work to do but "gets" by it, H. Smith.
Anna Hampton, a western girl, Lella Mather.
Percy the Sheriff, who does his job, G. Smith.
Ma's Mullen, an eastern girl, Lella Mather.
Agatha Laidlow, founder of most relative school for girls in New England, Isabelle Mackie.
Phoebe Beebe, reporter of the staff of the Daily Deliverance, Madeline Mason.

PRAIRIE FIRES CAUSE VERY SERIOUS LOSS

Several serious prairie fires in the southern part of the province have resulted in considerable destruction of farm property as well as grass on the prairie. It is pointed out by Hon. J. A. Lawton, Provincial Game and Fish Commissioner, that those who find it necessary to set fire should take every precaution to prevent it from spreading, and anyone driving through a prairie should be sure to throw lighted matches and live cigar and cigarette sticks away before they are used.

The burning of stubble on grain fields in the past has resulted in considerable destruction of farm property. From fire which have been allowed to escape. It is pointed out that the long stubble in the fields where corn is raised in harvesters have been used to start fires. It is pointed out that those who find it necessary to burn stubble in this kind to take special precaution for fire in addition to these provisions for fire.

When burning is to be done at any season of the year for the purpose of preparing stubble for a new crop, it is considered necessary to utilize the fire for the clearing of land, a fire guard is needed and the fire is every instance must be watched by those who are setting it. The fire must be watched and guarded until it has been extinguished. A fire guard must be provided before kindling any such fire and must be kept in place until it is done before May 7th, and twenty feet wide if it is to be done after that date.

Mr. McConnell who under the name of "The Mummy" is now recovering nicely and will soon return home to Gleichen.

MAY 24th SPORTS PROMISING

FOUR TEAMS NOW ENTERED FOR BASEBALL TOURNAMENT

SPLENDID PROGRAM FOR EMPIRE DAY

The May 24th Sports committees are getting busy and already have accomplished considerable towards making the day bigger and better than ever.

The baseball committee has lined up a splendid tournament for the occasion with four teams competing, namely, Arrowwood, Queenstown, Carleton Place, and Gleichen teams, precisely the same teams as entered last year and they are all out to win, as this will be the first real opportunity. The final baseball match will start sharp at 6:30 p.m. and the first at 1 p.m. J. O. Bogstie is in charge of the baseball arrangements.

T. H. Beach is looking out for good mid-way attractions and will have some stunts that will keep the eyes of the spectators.

Major Lewis is arranging a fine lot of fun for the boys and girls and there never is any doubt the youngsters eagerly participating in big numbers.

The admission for the full day will be only 75 cents and children 25 cents, but for those who turn in only the evening baseball match a charge of 50 cents will be made.

At night a big dance will be held in the Community Hall as usual that will leave nothing for

'THE PROBLEMS OF BRITISH ADMINISTRATION IN INDIA

Mr. Allen an Ex-India Civil Service Man to Lecture at Gleichen Canadian Club COMMUNITY HALL, TUESDAY, MAY 7TH

Secretary A. F. MacCallum has completed arrangements with Ottawa to have Mr. Allen who for many years was in the India Civil Service, to address the Gleichen Canadian Club in the Community Hall on Tuesday, May 7th, on the subject "The Problems of British Administration in India". The National Secretary of the Association of Canadian Clubs in Ottawa speaks very highly of Mr. Allen and Gleichen is in for a real treat on this occasion. Mr. Allen will be accompanied to Gleichen by his wife.

QUEENSTOWN BLAZE WRECKS RESTAURANT AND DWELLING HOUSE

Thursday afternoon fire completely destroyed Mrs. Grant's restaurant and boarding house at Queenstown, and also the dwelling adjoining, owned by J. Morgan. Part of the contents of the restaurant were saved but the upstairs were almost wholly destroyed. Burners sleeping upstairs lost practically everything.

The fire started about the kitchen which is a lean-to attached to the main building a few minutes after the fire was lighted in the morning. The cause is thought to have been a defective fuse.

For sometime past the popular Clary Gun Club have been disposing of tickets for a dance in that town of Queenstown, May 24th, for the purpose of creating a building fund and are offering a prize of a Standard Grade Winchester pump gun to a drawn for the night.

Mrs. R. C. Clifford's new Rose Tea Room is now a very popular resort and very close. Saturday was the opening day and with her three attendants Mrs. Clifford was kept very busy until midnight. Nearly all the ladies in Queenstown and few men were present along with medals for each play. Later they will be on display at a dance at 8 o'clock that night and a luncheon will be served free. Everyone is invited to attend and do honor to our Home-Brew Gunners.

Everyone will want to attend the Hockey dance Friday night.

AN AIRPLANE CARRIES SUCCOR TO INDIANS

An Ottawa dispatch tells how Indian officials of the department of Indian Affairs, department of national defense and civil government air operation branch, and the Royal Canadian Mounted Police joined forces to stamp out a serious epidemic of flu among Indians in the Norway House district of Manitoba was related here yesterday on receipts by these departments of reports from their agents in the district.

Twenty-two Indians out of the tribe of some 800 at Island Lake close by the northern tip of Lake Winnipeg, died from the epidemic, but it was reported the scourge has now been effectively stamped out.

On March 30 news reached Winnipeg from the department of Indian Affairs that the Norway House who was formerly clerk at the Blackfoot Indian agency at Gleichen that the Indians at Island Lake, 140 miles west of his post, were seriously ill. Through the co-operation of air officials arrangements were made for the evacuation of the tribe. The Flight-Lieut. F. J. Maudsley, of the Winnipeg air station, who was engaged in photographing the scene in the vicinity of Corner Lake, Man., was ordered by radio to proceed at once to the scene. On Wednesday he took aboard Mr. Gordon, the Indian agent, Dr. W. N. Durbell, staff doctor of the department of Indian Affairs, and Staff-Sergeant, Saul, R. C. "J", of the command here.

When they arrived at Island Lake the officials found the acute stage of the epidemic had passed, but were asked to take steps to prevent a recurrence of the disease.

OLD AGE PENSIONS ACT IN OPERATION SOON

The Old Age Pensions Act will probably come into operation in Alberta about a month according to a statement made on Thursday by Premier Brownlee. The act, it has been decided by the Executive Council of the province under the jurisdiction of the Workmen's Compensation Board, and arrangements are being made for this board to administer the provisions of the new act. Under the proposed plan it is necessary for each province sharing in the benefits of the Dominion legislation to adopt its supplementary and contributory legislation to the Dominion Government through Hon. Peter Homan, Minister of Labour, for final ratification and to draw up a formal agreement of operation. As soon as this step has been taken it is expected the Alberta act will come into effect. The payment of pensions will not become retroactive but will date from the time the act is proclaimed.

Master Campbell and Elliot Evans destroyed Mrs. Grant's restaurant and boarding house at Queenstown, last week but is now recovering nicely.

Master Campbell and Elliot Evans had a touch of pneumonia last week but are now greatly improving.

Duncan McCallum stated Monday that summer flow was in splendid shape at present for seeding.

The picture "Dawn" drew a full house Friday night and pleased everyone. The synchronized movie provided a great treat and in fact the picture would not have had anything like the effect without it.

Friday afternoon when the synchronized movie was being tried out in the Community Hall the windows were broken by a crowd of a few hundred people were out gazing at the heavens in search of an airplane.

Friday evening the Gleichen citizens are to entertain the hockey boys at a banquet in honor of their winning the Morgan Trophy for the Intermediate Championship of the Alberta Amateur Hockey Association when the cup will be presented along with medals for each play. Later they will be on display at a dance at 8 o'clock that night and a luncheon will be served free. Everyone is invited to attend and do honor to our Home-Brew Gunners.

"A WOMAN OF AFFAIRS"

Queenstown Community Hall

SATURDAY, APRIL 27th
"A woman of Affairs," film from a story by Michael Arlen, with John Gilbert and Greta Garbo as stars, and with a supporting cast which includes Lewis Stone, Hobart Bosworth, Dorothy Sebastian, John Mack Brown and Douglas Fairbanks, Jr., will be shown in the Queenstown Community Hall, on Saturday, April 27th, Clarence Brown, who directed Gilbert and Miss Garbo in "Fish and the Devil," their first appearance together, was the director.

The reunion on the screen of Gilbert and Miss Garbo was said to be the picture was being cast at the Metro-Goldwyn-Mayer studio, it was due to the unusual supporting cast, and the direction of Brown would furnish the necessary additional ingredients for a dramatic picture of a sort that would not be likely to disappoint those who enjoy the two stars in close-up.

Miss Garbo has the role of a highly intelligent English society girl, a very different type from those she has essayed before. For the part she relinquished her blonde hair, and has been photographed in the style of her clothes.

One of the interesting scenes in the film is the Oxford and Cambridge boat race on the Thames and a deal of the research and interest cinematographers.

It was felt that the Michael Arlen story, the unusually strong preliminary training was required. For one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, twenty-two, twenty-three, ARBOR DAY MONDAY, MAY 6th

Monday, May 6th, has been named as
Arbor Day by decision of the Pro-
vincial Government. On the day
special attention will be paid through-
out the province to the planting of trees
and the beautification of
homes and grounds.

INTEREST SHOWN IN
ALBERTA SALT DEPOSITS

Sir Thomas Tait, president of the
Canadian Salt Co., Windsor, Ontario,
will shortly pay a visit of inspec-
tion to the salt deposits in northern
Alberta according to information re-
ceived by Hon. V. W. Smith, Minister
of Railways and Telephones. In
his position as head of the largest com-
pany of its kind in Dominion.
Sir Thomas is reported to be interest-
ed in possible developments in this
promising Alberta industry.

LACOMBE BOY WINS

FINE TROPHY

Edward Cheeser, 12 years old, of
Lacombe was awarded the Prince of
Wales Silver Challenge shield and the
first cash prize of \$100 in the beef
section of the Boy's and Girl's Calf
Feeding Competition at the Edmonton
Spring Show during the past week.
The calf which weighed 55 entries in
the competition was from the Short-
horn herd on the Lacombe farm of
Dr. F. R. Talbot, Provincial Veterina-
rian. A record for an Edmonton
showing was established when this
fine animal sold at auction on Fri-
day afternoon for \$200 per pound
being purchased by T. Eaton Co.
Ltd., Edmonton and weighing 700
pounds.

PRIZES OFFERED FOR
BEST WHEAT CROP

Substantial prizes will be awarded
in a competition sponsored by the
Stavely Board of Trade and the Vul-
can and Vulcan Agricultural Soci-
eties for the best ten acres of wheat
in Southern Alberta during the com-
ing season. The decision to intro-
duce the competition followed a speak-
ing tour by Major H. G. L. Strang and
D. H. Galbreath, M.L.A., under the
auspices of the Canadian Seed Grow-
ers' Association and the committee in
charge of the recent "Chester Seed
Campaign" promoted under the di-
rection of the Provincial Department
of Agriculture.

REPARTRIATED CANADIANS FOR
PEACE RIVER DISTRICT

Marking the beginning of a con-
siderable movement of people of
French-Canadian origin who are re-
turning to Canada from the New En-
gland states, a party consisting of 187
new settlers passed through Edmon-
ton last week on their way to a num-
ber of districts in the Peace River
country. Settlement will be prin-
cipally in the vicinity of Kathleen,
southeast of Melanville, where a new
parish is being established. Included
in the party were a large number
of young married men well equip-
ped with capital who will return for
their wives and families after harvest
have been prepared on the farms
selected in Northern Alberta.

CHESTER WHITE HOGS
PROVED POOR INVESTMENT

Of interest in connection with the
selling campaign carried on in a num-
ber of districts in the Province last
summer by the Central United States
Swine Co., an American organization
promoting the sale of Chester White
hogs, is an article recently reprinted
in the Chicago "Breeder's Journal." It
will be recalled that the Alberta Dis-
trict of Agriculture issued a warning
to farmers in the province at last
time as to the position of the
company and the possibility of difficul-
ty in enforcing the terms of the con-
tract which they were asked to sign.
The present position of the company
is indicated in the following dispatch
referred to above:

"The Status of the breed now mar-
ket in the United States will be ac-
cused by a committee of attorneys se-
lected by 150 creditors of the Central
S. Swine company who met at the
Spokane hotel to determine how the
affairs of the concern can be worked
out to the advantage of creditors.
Discussion among creditors from

last fortnight of July each year.

—ALB—

First two legal working days of each
month for meter reading and first two
legal working days following the
fifteen of month for collections, etc.

M. MURRAY,
Secretary-Treasurer

Washington, Oregon, Montana, Idaho
and British Columbia showed that the
concern which recently, it is said, had
trouble in operating in the Dakotas,
had an unusual method it proposed as
a means of populating the country
with fine swine.

The discussions were that the com-
pany would sell a man a blooded sow
for \$25 and take her sow pigs at 150
lbs. at \$35 each. It was disclosed
that many persons made money who
controlled early. Attorneys declared
that as the business expanded and the
company accepted notes, their assets
became "frozen" and that they did not
have enough money to carry out their
contracts. Whether the sow mar-
ket has been saturated was not
brought out.

Attorneys were told that there is
nearly \$100,000 in notes, which may
give the creditors something. When
the creditors were unable to get any
satisfactory information, they appointed
the committee of attorneys to deter-
mine if a receiver should be named.

In the Ancient Roman Empire

From the Egyptians of 500 B.C. and earlier, the Greeks learned the art of brewing. In 400 B.C. it was popular with the Romans. While during the first century of the Christian era the Germans and the natives of Germany learned the process, it was not until the 12th century that malt was the popular drink.

It is probable that the discoverers of time, Early was born of time. Early who uses it in the postal form of the world. But not vinegar into the drinks of Canada's soldiers.

Today this beverage is one of the most popular drinks.

Where BEER has once been introduced, it has generally become the national beverage.

Every Briton on a Brewin.

"Its big car Luxury attracted me"

NOT that its luxury is its chief big car attraction. Beauty and performance compete for that distinction. But such luxury as Pontiac Big Six provides is so unusual in any save the higher priced cars that Pontiac is becoming the favorite with lady drivers. And "luxury" means more than the inviting interior of bodies by Fisher. It includes the effortless steering... the care-dispelling mastery of highway and hill... the cushioning comfort of Lovejoy Shock Absorbers.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

The best joke we have heard for many a day was told by one of our local merchants the other day. It goes, so he came in to the local merchant one of the mail-order grocers of the district sent \$20 away from him on an order on the C.P.R. for groceries, all came in a cask except a box of apples. It appears that on Wednesday night there was a special of them a box of yours. I don't

want to make another trip for the apples at I am on the land." Can you beat that, it is the richest we have heard. The big part of the joke was that the apples he bought from the mail-order house cost \$250 a box and the local man had the same thing for sale at \$2.50.

Foundation of National Culture

Two new Canadians from Roumania demonstrate the art of weaving at Regina.

Those who have in the past regarded the New Canadians from Europe as hewers of wood and drawers of water must, after the recent demonstrations at the Great West Festival at Regina, admit that these peoples have, with their native arts, decidedly enhanced the cultural wealth of the country of their adoption. J. Murray Gibbon, who sponsored the festival under the auspices of the Canadian Pacific Railway, even goes so far as to say that Saskatchewan and the other prairie provinces have within their borders the foundation of a National culture finer than that of any other nation on earth. To this foundation, the first sod for which had been turned at the previous festival at Winnipeg, all the races which go to make up the peoples of the west have contributed—Icelanders and Irish with their folk-songs and lore, Swedes and Slavs alike with their folk-crafts and dances. Hardly a race known to civilization, old or new, but contributed to the festival some artistry which will make for the further development of that culture which, being national, will be the means of welding to a still greater solidarity, those people who are Canada.

That the movement for the attainment of this end is a popular one was demonstrated by the fact that literally thousands were unable to obtain admission to the exhibits and concerts and that western cities are vying with one another as the site of the next festival.

Ford Car Features

Choice of colours
55 to 65 miles an hour
40-horse power engine
Full balloon tires

Fully enclosed six-brake system
4 Houdaille hydraulic shock absorbers
20 to 30 miles per gallon of gasoline
Shatterproof glass windshield
Theft proof ignition lock
Reliability and low upkeep

The Ford car is a great car to drive in traffic because of its quick acceleration, easy steering, short turning radius, and the safety of its four-wheel brakes. Gears shift easily and silently because of the small ball and roller bearings in the clutch and transmission.

The Ford car is a great car on the hills. You face the steepest grades with confidence, knowing you have power to climb them all without greatly reduced speed, without strain, or unnecessary shifting of gears.

Prices of fully equipped Ford Cars including a heavy set of chains and motometer.

GLEICHEN, ALBERTA

ECHOES OF GLEICHEN TWENTY YEARS AGO

Taken from the Call in 1909

Miss Emma Jones, who was quite ill last week is rapidly recovering.

Mrs. James returned Monday from Rosebud, where she visited Mrs. Biggs.

Quite a number of wild geese have been shot the past week by local sports.

Ralph Notter has decided to go back east the end of the month and enter into business.

Born—At Hazzeldan Ranch, on Thursday, April 15th, to Mr. and Mrs. Duncan Clark, a son.

T. Henderson has been busy this week excavating a cellar on Gleichen street, where he will erect a residence for himself.

Mrs. Cosgrave and family have moved out to her homestead in the famed Queenstown district, and will be greatly missed by their many friends in town.

W. Ross has arrived from Calgary to take charge of the Deering Implement Agency in Gleichen, and is occupying one of J. Telford's buildings on Fifth avenue.

Prairie fires burned fiercely north of town all Sunday night and part of Monday. A few fires of \$200 would perhaps have a good effect in stopping these dangerous fires.

R. H. Hogg is preparing to build on the adjacent property west of the Call office. His new building is to be a very neat, up-to-date shop—the first section of the Vulcan Iron Works.

Gleichen polo players are rapidly gaining in numbers and some exceptionally good players have turned up at that game. It becomes quite evident that some good matches should be arranged for this season.

Messrs. Anderson & Neilson are moving their outfit of horses, etc., to Namaka, where they have contracted to break 800 acres of land, and are arranged for other work that will keep them busy at the big Namaka Farm until winter comes again.

Undoubtedly the best game of any kind played in Gleichen was the football match Good Friday afternoon between the Strathmore and Gleichen teams, despite the fact that the heaviest wind was blowing that has been felt here for a long time. The lineup of the teams was as follows: Gleichen lineup—C. A. Rennie, H. Rendell, J. M. Hughes, C. Goodacre, R. Hindle, Adams, Sam Moss, T. P. Fisher, Capt. E. Wagstaff, Geo. Moss, W. Maisey.

John Clark, Sr., who left here two or three months ago for Scotland, has sent word to his sons that he is leaving Scotland on the 17th, of this month with another big shipment of thoroughbred mares and stallions and expects to arrive at Gleichen about May 10th.

Gleichen hotels are daily crowded to the limit, which is a very good sign of the times. The proprietors of both hotels are figuring on building large additions.

Namaka is becoming quite a lively burg and Mayor Brown is pushing the town right along. Aldermen Hedges and Weaver are his able lieutenants and the former states the new settlers arriving there make the prospects very bright for the future of Namaka.

The authorities have established a post office at Cluny, with Messrs. Ross & Taylor as postmasters.

Some Gleichen farmers are feeling quite indignant over an order being sent here for chicken feed. A reporter heard another farmer ask John Buckley, who won the Fann Crops trophy, if he had any chicken feed for sale, and Mr. Buckley proved conclusively that he still has still considerable Irish left in his make up.

A well attended meeting of the Rangers Football club was held in the Bank reading rooms Saturday evening, with Mr. Sam Oliver in the chair. Upon a ballot being taken Geo. Moss was easily elected captain, a position he is well qualified to fill.

D. F. McArthur, brother of J. D. McArthur, the Winnipeg contractor who has been awarded the contract by the Southern Alberta Irrigation Co. to build that company's big irrigation canal, starting from a point on the Bow river near Wyndham's ranch, arrived in town Friday to take charge of the work. A. M. Grace, chief engineer of the company, has also arrived and together they have been

Here and There

(259)
Although Canadians have been styled strong "silent" men there seems little to support the reputation that they are the world's greatest telephone conversationists. There are 1,259,987 telephones in Canada, recently published statistics disclose, allowing for a phone for every eight persons. If all the conversations that took place during the past year were placed end to end they would be heard in Mars, for every citizen held on an average of 221 conversations during 1928. Presumably this does not include wrong numbers.

One of Montreal's first big buildings that was demolished to make room for one of the latest skyscrapers downtown has appeared on an entirely new site, to the amazement of the citizens. So carefully was the building taken down that scarce a score of new stones were required to complete its reconstruction on its new lot.

Up to December 31, 1928 the Canadian Pacific had spent in colonization and Canadian development work, land settlement, etc., nearly \$85,000,000 of its own money.

Sir Charles Gordon, G.B.E., president of the Bank of Montreal, has been appointed to the board of directors of the Canadian Pacific Railway to fill the vacancy caused by the resignation of Mr. J. K. L. Ross. Senator the Hon. F. L. Beique, also, has been appointed a member of the executive committee of the board.

A shipment of animals that will resemble the cargo of livestock on Noah's Ark will take place shortly from Moose Jaw Wild Animal Park, when a number of buffalo, mule deer, elk and other animals will be sent to the Rocky Mountain National Park at Banff, Alberta.

Everyone in Canada is worth \$2,700. That at any rate, is what government figures show. The aggregate national wealth for 1928—\$26,691,482,000—working out at that amount per person. Agriculture is the largest single item, and the western provinces come first in the highest per capita wealth of any part of the Dominion.

The Canadian Pacific Railway, in co-operation with the Manitoba Department of Agriculture, Seed Branch, Dominion Department of Agriculture and the Manitoba Agricultural College, has provided two good seed cars and a poultry car, which is travelling through that province. There are demonstrations of grasses, clover and corn, and poultry displays, while accompanying lectures talk on the importance of good seed and forage crops, and lecture on the rearing of chickens, turkeys, etc.

STANDING GRAIN COMPETITION FOR BLACKFOOT M.D.

Arrangements are being made by the Chamber of Commerce to conduct a Standing Grain Competition this summer and the names of the committee who will have charge of the competition will be announced as soon as they are appointed and have accepted the duty. This competition will be conducted under the rules laid down by the Provincial Department of Agriculture, the judging will be done by judges supplied by the department. The competition is confined to wheat this year and any farmer in the Municipal District of Blackfoot is eligible to enter a ten acre plot of wheat, there being no entry fee. It is not necessary to select the plot to be entered until immediately before the judge arrives. The judging is done by a plan of scoring drawn up by the department and points are awarded for various qualities including freedom from disease, earliness, yield, freedom from weeds, other grains and other varieties of wheat, and suitability of variety. It is hoped that a large number of fields will be entered as, in addition to substantial cash prizes, it is expected that several valuable special prizes will be donated and the winners in each local competition will compete for the district and provincial championship for which valuable prizes are offered.

This district has always had the reputation of being second to none in the province for the quality of its wheat crops and we will now have the chance to see how we compare with other parts in the judging of the district and provincial competitions. It is, therefore, hoped that every farmer will enter his best ten-acre plot in the competition. Now is the time to secure some pure seed if you have not already got some, and, even if you do not secure a prize, you will be well repaid in the crop.

The names of the men appointed to take entries in each part of the municipality will be announced shortly with full details of the rules of the competition, and the prizes to be given.

across the river preparing to begin operations.

Surveyor Hughes has completed the survey of the Agricultural Association's grounds and race track and Jas. Knudson started in yesterday with his steam plow to break the soil. In a few days McDonald & Addy will follow this up with a grader and in a very short time the track will be in good condition.

Given the alternative of a fine or a week in jail Richard Elman, of Elgin, Ill., said he needed a rest from home.

Never again say---

Is that all you paid for this—?

Where did you ever find these—?

Why, it costs me nearly twice that much!

Do tell me where you get them for that!

How do you ever manage on so little?

But arn't they awfully expensive?

I wish I could do it.

Was Honored for Service to Royalty

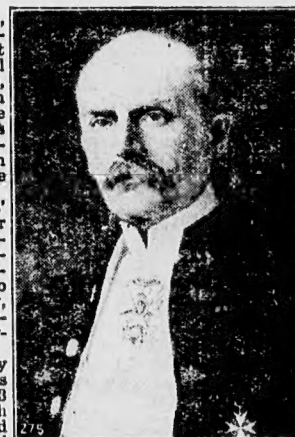

Walter Reginald Baker, C.V.O., former secretary of the Canadian Pacific Railway and the last surviving member of the original traffic organization of the line, died on April 1, at his home in Montreal. Mr. Baker entered the service of the C.P.R. two days after the organization of the company in 1881 and retired at his own request on January 1, 1917. He was in his 77th year.

During his thirty-five years' service with the C.P.R., Mr. Baker was assistant to the general superintendent, assistant to the president, assistant to the vice-president, and secretary. Previous to his association with the railway, he was private secretary and comptroller to Lord Dufferin, Governor-General, 1874-78.

Born in York, England, on May 25, 1852, Mr. Baker came to this country alone at the age of 13 years. The boy began to establish a career for himself early, and after passing through several stages of progress towards success, found himself, at the age of 22, private secretary of His Majesty's representative in the Dominion. Later he became attached to the Treasury Department and was assistant secretary of the Treasury Board at Ottawa just before the C.P.R. was organized.

In the historical organization of the railroad, Mr. Baker was one of the principal actors. Before he died, the former secretary put down on paper, as the last surviving member of the original group, just what were the circumstances surrounding the beginnings of the great company's organization. The company was formed on February 15, 1881, and the organization meeting of the board of directors was held two days later. Charles Drinkwater was named secretary of the company, the first official to be appointed, according to the account of the historical event as related by Mr. Baker.

Mr. Baker's Story
Duncan McIntyre, later first vice-president of the company, was a member of the "Syndicate" which had planned the organization of the C.P.R. He had made a promise to Mr. Baker some time before that, if the "Canadian Pacific

Late W. R. Baker, C.V.O.

the railway venture" came to anything, he would "remember him." In his account of the matter, Mr. Baker recounts that "the matter had passed out of my mind" when on the night of February 18, 1881, he received a message from Mr. McIntyre. "I was busy late at night, in my office in the Eastern Block at Ottawa, preparing the estimates for Parliament, when a boy walked in with a telegram," Mr. Baker related.

Following the instructions contained in the message, Mr. Baker went to the "Bank cottage"—the little house attached to the Bank of Montreal for the use of members visiting Ottawa—and there met the little group of great builders of the great road.

There seated at a table were Donald Smith, later Lord Strathcona; George Stephen, later Lord Mount Stephen; R. B. Angus and Duncan McIntyre. The upshot of his interview with these historic figures was that he went to Winnipeg with A. B. Stickney, general superintendent of the C.P.R. western division, as accountant on construction, and auditor of operation. "The salary was '10 per cent, better than I was getting in the civil service,'" Mr. Baker explains

in his autobiographical account, "so, I said at once 'I will go wherever you want me to go.'"

On the way to Winnipeg there were short stops at Chicago and St. Paul, where Mr. Baker had an opportunity of looking into the American system of railway accounts. A special train took the party to Winnipeg. Those with Mr. Baker were: A. B. Stickney, general superintendent, William Harder, assistant traffic manager, Joel May, superintendent, and E. C. Butterfield, master mechanic. "This party was the original traffic organization of the Canadian Pacific Railway," Mr. Baker recorded. "Before we arrived at Winnipeg," he continued, "Mr. Stickney decided that he wanted me to act as his assistant and I was accordingly appointed to the position of assistant to the general superintendent."

Various Appointments
In Winnipeg, Mr. Baker held several positions successively in the C.P.R. He was purchasing agent, assistant to general manager, local treasurer, assistant to general superintendent, executive agent and filled several other positions. He was also connected with the Manitoba and North West Railway. In 1901 he left Winnipeg for Montreal. On that occasion he was presented with a solid silver service by the business community of the western city.

During his connection with the railway, Mr. Baker came into contact with several royal personages. He was in charge of the royal train over the C.P.R. lines during the several visits of the Prince and Princess of Wales, now the reigning monarchs; Prince Arthur of Connaught, and Prince Fushimi. In return for his services to these royal visitors he was presented with several testimonials and received several titles. Among his titles were: Commander of the Royal Victorian Order, Commander of the Order of the Sacred Treasure of Japan, Esquire of the Order of St. John of Jerusalem, and Freeman of the City of York.

He held audiences with Their Majesties King George and Queen Mary at Buckingham Palace in 1911.

Paint Pointers

When applying shellac to knots and sappy places, do not apply it in too heavy a condition. Apply it thin and brush well into the knots and other places that require shellac.

It is quite common to see painters spreading shellac, not only over knots, but two or three inches beyond. This is bad practice and should be avoided. Use a small sash-tool for knotting and confine the shellac to the surface of the knot.

On woodwork that is to be finished in white, or in any light shade, use white shellac for the knots.

Before priming a surface be sure that it is thoroughly dry and in proper condition to receive paint.

When painting, always have a clean rag to keep the hands clean and remove spots from windows, hardware fittings, etc.

A small quantity of raw linseed oil rubbed over the hands before commencing work will prevent the paint drying hard on the skin and make it easier to wash off.

Do not use a cheap primer. It may be cheap as to first cost, but it will be the costliest in the end.

Avoid using dry colors mixed by hand, for priming coats. Dry colors cannot be thoroughly incorporated with oil without the aid of machinery. A hand-mixed paint made from dry colors will invariably peel, because only the outer particles of the pigment are properly soaked with the oil, and when this oil is absorbed by the new wood there is left only a dry, porous coating, which will peel away from the surface as soon as the finishing coats start to contract in drying.

It is far more economical to apply one well rubbed coat of floor paint to verandah and steps once a year, than it is to defer the job for two or three years, and be under the necessity of applying two or three heavy coats.

With the once-a-year "lick" the porch will look fresh all the time, and be easy to wash and keep clean but with the "wear-it-down-to-the-boards" policy it will look shabby and down-at-the-heel most of the time. More than that, the verandah that is painted every year will consume less paint by far than the one that is painted only once in three years.

Salary Not Large

Prince George To Receive Thousand Dollars Yearly In Foreign Office

Prince George, the King's youngest son, who for reasons of health has left the Navy after 12 years' service, for the Civil Service, will receive a salary of £200 a year as a clerk in the Western Department of the Foreign Office. His rank will be that of third secretary. His hours will be from 11 a.m. to 6 p.m., the regular hours of work at the Foreign Office. He will follow the usual routine and, being treated exactly the same as the other clerks of the service, he will get six weeks' leave every year.

In this department the Prince's with the League of Nations, and with France, Spain, Portugal, Belgium, Holland, Luxembourg, Switzerland, Morocco and the New Hebrides. In this department the Prince's knowledge of French will be of great service to him. He will have to deal with Ambassadors' reports and other matters relating to our Embassies in these countries.

Lady in library: "Have you been reading Longfellow?"

Roughneck: "Naw, only about ten minutes."

From Youth to Age

There are three trying periods in a woman's life: when the girl matures to womanhood, when a woman gives birth to her first child, when a woman reaches middle age. At these times Lydia E. Pinkham's Vegetable Compound helps to restore normal health and vigor.

League Of Nations Day

Remarkable Interest Is Shown In Nation Wide Celebration

More than 4,000 cities, towns and villages from Halifax to Vancouver took part in celebrating League of Nations Day throughout Canada this month. Committees were active at work in larger and smaller centres for many weeks on the details of the big undertaking, the most prominent and influential citizens being only too glad to help in the organization.

Church, state and society were heart and soul behind this big effort in all cities and towns and throughout the countryside. One remarkable feature of the occasion was the prominence given to it by religious bodies. Protestant and Roman Catholic ministers have recognized the vital work which the League of Nations Society in Canada is doing in the cause of peace and goodwill.

A very gratifying feature of the Canadian Society is the rapid progress which it has made in the country districts of all parts of the Dominion. In great farming areas both in the East and West and in the adjacent towns there has been remarkable enthusiasm displayed and thousands have taken out membership in the Society. Local campaigns in all these centres have been organized and every district is expected to make a splendid showing on April 16.

"Progress towards peace can only be made when there is a solid backing of public opinion behind the movement," says Dr. H. M. Tory, the President of the League of Nations Society in Canada. He says that every city, town and village in the Dominion should give this great effort for peace its support if the awful sorrow and suffering of the past are not to be repeated.

It is expected that when the drive is completed at least 50,000 new members will have joined the ranks of the Society.

A Wonderful Discovery

German Inventor Now Perfecting Electric Death-Ray

An invisible electric death-ray has been discovered by a German physicist. The apparatus is fitted with valves like those used in an ordinary radio set, of so small a size that it will fit in a cigar box, with which he could send out ultra-short waves of a length less than three metres.

These waves will kill instantaneously germs, insects, and even small animals which come within their reach.

"My assistant and I," said the inventor, "are now engaged in perfecting the apparatus."

"Our death wave is not dangerous to living beings apart from those which come within its carefully limited sphere of action. Flies and insects which pass across this field drop dead. Mice are killed in a few seconds. Rats are dead within three to five minutes."

"If we succeed in perfecting our apparatus we shall be in a position, without in any way injuring the tissue of the human body, to kill disease-causing bacteria within the human body."

Nothing To It

While on a long train journey a pretty girl confided to a chance companion, a Colonial, that she had lost her ticket. He was much worried about it.

"Where are you going to?" asked the Colonial.

"Norwich," was the reply.

"Don't you worry, then, I'll fix you." And he departed along the corridor.

Shortly he returned, "Here's your ticket," he said, smiling, and handed the girl sure enough, a ticket for Norwich.

"How did you get it?"

"Easy. Just walked up the train, shouted 'Any tickets for Norwich?' and a feller gave me one!"

Moose Jaw Board Of Trade

The recent three days' drive for membership in the Moose Jaw Board of Trade, with an objective of 1,000 members, went over the top with 1,200 paid up members secured.

"Just had to pay out \$50 for having my car overhauled."

"What! Why you bought it brand new only two weeks ago."

"Yes, but it was overhauled by a motorcycle cop."

Why Cement and Plaster Need Painting

It is seldom one sees a cement, concrete, stucco, plaster or brick surface painted. It seems to be the general assumption that these substances are amply able to protect themselves from weather and other destructive conditions.

But that is a mistake. It is well known that cement is a moisture absorbent, and it isn't true that the moisture does not harm it. It is almost as important to prevent rain from penetrating the surface of these rough mineral outside as it is to protect wood and iron from rain.

But just any kind of paint will not do. It must be a special cement paint having a chemical composition not affected adversely by lime or alkalis.

It is important that owners of commercial and manufacturing buildings, grain elevators, residences, garages, silos, etc., with absorbent outside surfaces, should realize the advantages of painting them—that they will last longer, look better and need fewer repairs after being so treated.

Many accidents happen from warming varnish and other mixtures that contain inflammable liquid. Almost every day it happens. "Happens" does not seem to be the best word to use, however, for it is discovered that such "accidents" (another wrong descriptive word), are usually the result of want of common house sense.

Anybody should know that to place highly inflammable substances like turpentine and benzine by a hot or even warm stove is more than likely to cause an explosion. "She was heating a pot of varnish on the stove and it exploded." Of course it did; did she think it would simply boil over, like a pot of soup?—Painters' Magazine.

Home Decorations

A little money goes a long way in furnishing a home if it is wisely spent.

A plain painted wall in a light, pleasant color, or light-colored monotone or neatly patterned paper, does not cost very much, but goes a long way toward giving a room a fresh, smart appearance. Bright colored cretonnes add a note of gaiety and cheer to windows. Ugly or cumbersome pieces of furniture can be replaced by inexpensive wicker or cottage furniture. Nondescript chairs, stands and tables can be painted pleasant colors, giving accent to the furnishings of the room. Worn-out upholstery can be covered with slip covers of denim or cretonne, or reupholstered in inexpensive wool repp. New silk or parchment lamp shades and pillows of quilted silk or bright linen adorned with wool embroidery or applique add to the up-to-date appearance of the room. Well designed scatter rugs, rag mats, and the delightful new linoleums make charming and inexpensive floor coverings.

Spanish Cream

1 1/4 cupfuls Borden's St. Charles Milk diluted with 1 1/4 cupfuls of water.

3/4 teaspoonful salt.

1/2 cupful sugar.

3 eggs.

1 1/2 tablespoonfuls granulated gelatin.

1 tablespoonful vanilla. Let the gelatin stand in the milk for five minutes, then scald the mixture. Combine the egg-yolks, sugar and salt with the scalded milk, and cook until slightly thickened like a custard. Then stir the mixture into the egg whites beaten stiff; add the vanilla. Turn into individual moulds which have been dipped in cold water and when set unmould and serve with light cream, or any preserved fruit.

Austria produced in the past year nearly 15,000,000 pairs of shoes.

Minard's Liniment

At the first sign of it. Its Healing Qualities are Amazing. THE OLD RELIABLE.

WORLD HAPPENINGS BRIEFLY TOLD

A Seattle airman recently made the first non-stop flight from United States to Juneau, Alaska, with two passengers.

Seventeen persons are killed daily in traffic accidents in Great Britain, and 450 are injured. An official report just states 6,138 were killed last year and 64,838 injured.

Grady Terry, who gained entry into New York fashionable circles while posing as Captain Roy Brown, Canadian war ace, was sentenced to six months to three years in Sing Sing prison.

Threatening to blow up the bank with a package she said contained nitro-glycerine, a well-dressed pretty brunette obtained \$5,000 in a lone hold-up of the Colorado State Bank at Denver.

The Admiralty announces the retirement of the Admiral of the Fleet, Lord Wemyss, he having reached the age limit. It is recalled that Lord Wemyss conveyed the first contingent of 36,000 Canadian troops to Europe in 1914.

Compensation amounting to \$825,457 has been awarded to owners of cattle slaughtered under the restricted area plan in Canada during the last year. Quebec farmers received the greatest amount, \$691,396, for 20,434 cattle slaughtered.

The total cost of the reference to the supreme court concerning the ownership of water power is estimated at \$60,719. Hon. N. W. Rowell, K.C., is to receive \$14,500 for counsel fees, and H. J. Symington, K.C., \$12,996.

Winston Churchill, chancellor of the exchequer, has announced a proposal to purchase \$1,000,000 of radium for the public good. The initial announcement does not say when the purchase will be made or how it will be affected.

Had Thought For Troops

Prince Of Wales Countermanded Order For Parade Owing To Weather

On the day the Prince of Wales presided over the first Royal levee of the year at St. James's Palace, Pall Mall, London, elaborate ceremonial had been arranged. He was to drive in a silver and gilt coach from Buckingham Palace, the King's London residence, to St. James's attended by a squadron of the Horse Guards in full parade equipment, including highly polished steel cuirasses and enormous busbies.

The weather turned intensely cold, and the discomfort this parade would have occasioned—not to himself, for he would have been well sheltered in the coach, but to the troops that were to take part—at once appealed to the Prince. Half an hour before the ceremony was to begin, therefore, he quietly countermanded it, and walked from the modest bachelor quarters he occupies in York House near by. Little was said about this at the time, but a few of the 47,000,000 inhabitants of some gray little islands in the Northern Seas took note of it and approved.

Demand For Farm Machinery

Implement houses at Moose Jaw and Swift Current are exceptionally busy at the present time filling orders for spring farm machinery. It is understood that the International Harvester Company will have at least another twenty carloads of machinery shipped into Swift Current this spring, while the Massey-Harris Company is also handling a heavy movement.

Was Very Careful

A man had recommended a friend of his for a job. "Is he fond of work?" asked the manager of the works. "Fond of it?" cried the friend and champion. "I should say he was! I never saw a man who could take such good care of work as he does. One piece of work will last him for a week."

Alberta Land Sales

Considerable land has been sold around Bassano this spring, including the Canadian Pacific White Farm of 2,560 acres. The farm was sold to a party of Americans and will be taken over on January 1st, 1930, and in the meantime operated by the Canadian Pacific Railway.

Clean Up, Paint Up, Keep It Up

Come on. Let's put things in order. Our whole town can and should be made as clean and orderly as its cleanest home. Then we will have a safer, happier, healthier town.

Ambition in its highest conception, is to dream big dreams and make them come true. The splendid ambition to have a town clean and beautiful will become a reality by the co-operation of all the people.

Away with the rubbish piles! Banish the plague spots! Clean up the streets and alleys! Cut the weeds, mow the lawns and trim the hedges! Repair and paint every building that needs it.

We need this thorough cleaning renovation. It is the sensible thing to do—for the health, safety, thrift, pride and happiness of all our people.

It is everybody's job. Every man, woman and child will be expected to help. Let there be no slackers.

The Cost Of Corrosion

In a paper read before the Institution of Civil Engineers, by Sir Robert Hafield, on "The Corrosion of Ferrous Metals," the startling statement was made that, according to his estimates, 29,000,000 tons of steel were lost by rusting in 1920. At 20 pounds a ton this would represent for the year the huge bill of 580,000,000 pounds, to which might be added another 120,000,000 pounds spent on operations rendered necessary by the corrosion. These figures refer to the whole world, but, as the "Electrical Review" pointed out, the major part, say 450,000,000 pounds would probably have to be debited to the British Empire, a sum equal to nearly half our total war indebtedness to the United States.

Clean Up Every Yard

The pupils of the schools should be thoroughly sold on the idea that they have a definite part in the work of cleaning up and painting up. Many a father will reward his boy handsomely for having the cleanest and neatest backyard in the neighborhood.

The girls will find a new delight in putting the flower beds in order, washing the woodwork, and otherwise helping mother to make the entire interior spick and span.

Every yard should have the weeds removed. The lawns should be mowed and raked, the shrubbery pruned, the hedge trimmed, and all rubbish carried away or burned.

If there are any little depressions in the yard which accumulate water, fill them up. A pool of stagnant water a foot square can easily give birth to a swarm of fever carrying mosquitoes.

Invents New Auto

British Engineer Claims Machine Capable Of Great Speed

Amhurst Villiers, young British engineer, is reported to have completed the design of a motor car which he will take to Dayton in 1931, with a guaranteed speed of 300 miles an hour and a theoretical maximum speed of 400 miles.

For the first time wireless will be used for steering, but the details of this were kept secret. The engines will have 3,000 horsepower, and the car will be fitted with eight wheels. Prominent British financiers are providing the money.

"My Lord," said the foreman of an Irish jury, when giving the verdict, "We find the man who stole the mare 'Not Guilty.'"

"How's everything at home?"

"Oh she's all right."

Pictures and Mirrors

Give Finishing Touch

Pictures serve an admirable purpose in the decoration and furnishing of the small home.

By the very nature of their location on the wall they occupy none of the floor space that is so valuable in the small dwelling. If a little room has been rather crowded with furniture, pictures on the wall carry the eye upward and bring the attention from the lower part of the room to the upper, where there is a greater appearance of space.

Then, too, the subjects of the pictures may be chosen with a view to increasing the apparent size of the room. Pictures with a rather deep perspective give the eye a feeling of looking into the scene, down a corridor, into a valley, along a river, or otherwise creating an appearance of distance.

To do this removes much of the cramped feeling that invades a small room overcrowded with furniture.

The choice of color in pictures also will have much to do with the decorative scheme of the room, and the same effect of spaciousness can be created with the judicious use of mirrors.

The Part Paint Plays

"Where poverty lives, there filth abounds." Someone wrote or said that a long time ago and it is quite true today. The solidity and prosperity of a town, or its poverty and shiftlessness, are indicated by its physical appearance.

"Paint and Pride Are Partners," is one of the slogans of the "Clean-up and Paint-up Campaign," and it is a good one. "The greatest incentive to cleanliness is paintfulness," is another true one.

Any community cleaning that lasts requires the paint brush even more than the scrub brush. Walls and other surfaces which are properly painted, enameled or varnished, are washable. They are easier to keep clean.

Good paint and varnish reduce the labor of keeping clean, promote health, inspire pride of ownership, multiply the joys of living and increase property values. There is no better time to paint up than when you are cleaning up, and there's little hope of keeping your premises cleaned up unless they're painted up.

The Dandelion Digger

The dandelion is a pretty little flower for a few hours. Then the blossom becomes an unsightly tuft of seeds which are lifted by the slightest breeze and blown over the yard or throughout the neighborhood. Then the dandelion soon becomes an unsightly weed which disfigures an otherwise beautiful lawn.

Dandelions attract mosquitoes and other undesirable insects. Get rid of the dandelion by enlisting the services of the children! Organize them into an army of dandelion diggers.

Any self-respecting home owner will pay the little tots ten to twenty-five cents per hundred for dandelion and other weeds that mar his lawn. You can appeal to the pride of the little folks by making them soldiers in this special army of fighters, and you will please them by a small cash reward for their work.

Air Service From Seattle To Alaska

Proposed Course Via British Columbia Has Been Surveyed

The International Airways will start a passenger service from Seattle to British Columbia and Alaska early this summer, operating eight ten-passenger seaplanes. P. T. McCarty, president and general manager of the company announced. The service will include stops at Vancouver, Prince Rupert, Ketchikan and Juneau. A branch line may be extended from Juneau to Sitka.

Mr. McCarty and a party of four others, completed a survey trip of the proposed course, making a round trip from Seattle to Juneau by seaplane.

Grocer—"Then you don't want no cranberries?"

Customer—"No, I've changed my mind. I see your cat is asleep on these cranberries."

Grocer—"Oh, that'll be alright. I don't mind wakin' the cat up."

The girl with a broken heart always manages to save the pieces.

The New McLAUGHLIN- BUICK is the New Style

THE unprecedented popularity of the 1929 McLaughlin-Buick unquestionably establishes it as the new order of motor-car style.

The new Masterpiece Bodies by Fisher are revolutionary, it is true. Revolutionary in the majestic beauty of their appearance. Revolutionary in the richness of their contours and colours. Revolutionary in the spaciousness and sheer luxury of their interiors.

Revolutionary, in fact, in ALL the characteristics which make twice as many people choose McLaughlin-Buick as any other car at or above its price.

GOVERNMENT NAMES UNIVERSITY HOSPITAL BOARD

The University Hospital in Edmonton will in future be under the direction of a board recently appointed by the Provincial Government. The personnel of the governing body includes Dr. R. C. Wallace, President of the University of Alberta, Dr. A. C. Rankins, Dean of the University Medical School, Dr. M. R. Bow, Deputy Minister of Health, W. B. Milne, Supervisor of Municipal Hospitals, H. H. Cooper, wholesale merchant and John Gillespie, grain broker.

Unprecedented demand for homestead lands in northern Alberta is indicated by the records at the Dominion Lands Agencies at Peace River and Grande Prairie for the fiscal year ending March 31, 1929. At the Peace River office a total of 3,024 entries for 2,869 homesteads and 155 soldier grants were made during the above period as compared with 854 homestead entries and 48 soldier grant entries or a total of 902 for the preceding year. At Grande Prairie agency 2,396 entries were made during the fiscal year of 1928 as against 865 in 1927.

Town & District

Gleichen's annual Empire Day sports promises to be bigger and better than ever.

The Morgan Trophy is a dandy. You will want to see it at the dance Friday night.

LeRoy Koefoed is going around with one arm in a sling. What's the other fellow look like Roy?

The ladies of the Cluny Catholic Women's League will give a benefit dance at Cluny on Friday, April 26.

E. J. Anderson, B. Sc., Eye-Sight Specialist, will be in Gleichen at the Queen's Hotel on Wednesday, May 1st.

The hockey dance last Wednesday evening given in the Cluny Drug Store hall was a grand success. It is believed that everyone present had a good time.

Who is going to start the annual agitation to beautify the Gleichen cemetery. The Catholic cemetery adjoining makes the public cemetery look very scrubby.

A novelty baseball dance is to be given in the Queenstown Community Hall on Friday, May 10th, to which all the world is invited. Be their and give the boys a good season's start.

Joe Robson is leaving Gleichen for Queenstown to take charge of the Imperial Oil business there. Joe is known by everyone and will be much missed in Gleichen. It will be some time before Mrs. Robson and family follow him.

Monday Chief Jack Lester assisted by Dave Wilson demolished the old town smoke stack at the water tower and is now busy cleaning up the bricks with a view to moving the town office building to Crowfoot street and bricking it.

Miss Viva Ingraham, 21 years, passed suddenly away Monday afternoon following a surgical operation at Arrowwood, much to the surprise of her hundreds of friends throughout this district. The funeral takes place this, Wednesday, afternoon.

It is time the town-cow was tied up for the season. This morning a number were in the cemetery raising havoc, and lovers of trees are in terror their years hard work will be destroyed. Stop the mild-eyed bovine before other damage is done.

By error in our last issue the name of Mrs. P. Maclean was left out in the cast of characters of the farce "Her Gloves." Mrs. Maclean took the part of Mrs. Ruggles, wife of Jefferson, being the leading lady, which she filled to a nicety, being a most difficulty and very amusing roll.

It is stated that all ready some of the neighboring towns are trying to induce some members of Gleichen's Home-Brew hockey team to sign up with them for next season. However, not many of them are likely to forget the bridge that carried them over—they are real sports.

COMING EVENTS

Ads. under Coming Events 25c. per count line unless otherwise advertised in The Call.

OBITUARY

E. F. Wheeler passed away at his home near Namaka on Wednesday last, April 17th, at the age of sixty-nine years and eleven months. Mr. Wheeler was born near Palestine, Illinois, and came to the Namaka District in 1910, where he has since resided. He was married to Sarah Elizabeth Palmateer on Nov. 26, 1885, who survives him, together with two sons, Leonard Otto and Loy Franklin, three daughters, Mrs. Harvey Hanson, Mrs. Jimmie McBean and Mrs. Elmer Litz of Swallow, Alberta.

Mr. Wheeler was a past president of the Namaka U.F.A. Local, also the Namaka U.F.A. District Association, of which the Gleichen Local was a part, and was at the time of his death a councillor of the Bow Valley M. D., also a member of the Namaka School Board and took an active part in all church and community affairs. He had just completed a new modern farm home.

ALBERTA LAMBS TOP AMERICAN MARKET

Selling at 17 cents per pound a shipment of 280 winter fed lambs from the flock of Albert Green, Taber, Alberta, recently set a high figure on the market at Buffalo, New York. In view of the highly satisfactory returns amounting to over \$12,000 received for this consignment further similar shipments are anticipated to Buffalo and other Eastern American markets where the demand for Canadian lambs is reported to be exceptionally good.

ST. ANDREW'S CHURCH SERVICES

Holy Communion 9:00 a.m.
Sunday School 11:00 a.m.
Evensong 3:00 p.m.

CARD OF THANKS

Mr. R. C. Morrow and Mr. and Mrs. G. T. Jones, and family wish to express their heart felt thanks for the kindness and sympathy of their friends in their recent bereavement.

IN MEMORY

In loving memory of our dear Father, "John Burr," who passed away April 17th, (1928).

We think of him in silence,
No eyes may see us weep,
But deep within our aching hearts,
His memory we'll keep.

THE FAMILY.

Joseph Galvern, a blind man of Belfast, was called by error as witness to an automobile wreck.

The Sun-Bath -- Shower-Bath Limited

HIGH officials of the Canadian Pacific were much relieved when Dr. Ernest French, the Harley Street specialist, refuted the statement originating in London to the effect that mustard plasters were as beneficial as ultra-violet rays. During a long winter the Company has been engaged in building for use on the Trans-Canada special Solarium-Lounge cars equipped with "vita glass" windows which will admit the most beneficial sun-rays. It almost came to the question of whether the Company would scrap the new equipment and issue plasters to its patrons.

The new cars, designed for the rear end of the limited trains, will be the most magnificent cars ever to be used on a non-premium train on the continent. Given over entirely to the free use of the passenger, the lounge cars, besides the Solarium feature, have the added attraction of bath-rooms for men and women, completely and lavishly

equipped, separate lounge and smoking rooms, a buffet and a large observation room with tapestry covered chairs, divans and settees. There are, of course, ample writing facilities and a small library.

The sleeping cars designed for this train are also "different". Finished in brown, a color note which is carried out in the upholstery, curtains and carpets, these cars contain in addition to the usual public space, two compartments, a drawing room and eight sections. Each section, as will be seen from the illustration above, is separated from its neighbour by a permanent head-board, which gives an added degree of privacy to the occupant.

With the locomotive, and complete with every modern comfort and safety appliance and device, the new Trans-Canada trains each represent an investment of well over a million dollars.
